

**Term Paper examiners name list of M.Sc Forestry 1<sup>st</sup> semester 2019-21Batch**

<b>S. No.</b>	<b>Name</b>	<b>Topic</b>
1.	Miranda Thakur	RARE, ENDANGERED AND ENDEMIC AVIFAUNA OF ASSAM
2.	Nim lham	REVIEWED PAPER ON BLACK-NECKED CRANES THAT WINTERS IN BHUTAN
3.	Ankush Chowdhury	BROOD PARASITISM: A COMPARATIVE STUDY AND REVIEW OF CLAMATOR GENUS AND ITS DIFFERENT HOST SPECIES
4.	Aita Bir Biswa	DIVERSITY OF ORTHOPTERA IN THE NEW FOREST, DEHRADUN DURING THE MONTH OF OCTOBER
5.	Kajal Arora	A REVIEW ON COMMERCIALY IMPORTANT MEDICINAL PLANTS OF UTTARAKHAND
6.	Shashank Kumar	ALLEY CROPPING: A REVIEW
7.	Vishaka Thapa	INDIGENOUS TREES USED IN AGROFORESTRY IN INDIA
8.	Wai Yan Phyoe	HABITAT MANAGEMENT PRACTICES IN TROPICAL RAINFOREST AREAS
9.	Rupali Sharma	ECO RESTORATION OF DEGRADED LANDS
10.	Tejender Rana	TREE SPECIES SUITABLE FOR AGROFORESTRY IN HIMACHAL PRADESH
11.	Adarsh Jha	APPLICATION OF BIOINFORMATICS AND ITS TOOLS IN FORESTRY
12.	Deepak Kumar	IMPORTANCE OF ABIOTIC STRESSES AND THEIR MITIGATION IN FORESTRY TREE SPECIES
13.	Bugatha Rohini Kumar	DECADAL ANALYSIS OF FOREST FIRE IN ANDHRA PRADESH USING FREQUENCY ANALYSIS METHOD
14.	Menni Roshan Kumar	MANGROVES IN INDIA: REVIEW OF DIVERSITY & CONSERVATION STATUS
15.	Ahamed Raza N	AGROFORESTRY SYSTEMS FOR SEASONAL FOOD SECURITY
16.	Mrinal Sharma	AGROFORESTRY SPECIES IN TEMPERATE AREAS OF WESTERN HIMALAYAS
17.	Anjali Vats	SUSTAINABLE HARVESTING OF LEAVES OF MEDICINAL PLANTS
18.	Manisha Gusain	RESIN AND ITS IMPORTANT COMMERCIAL PRODUCTS
19.	Shikha Rai	ALOE VERA AND ITS POST HARVESTING TECHNIQUES
20.	Mayank Kumar	SYSTEMATIC STUDY OF THE BAMBOOS IN FRI
21.	Ankit Mahla	VULNERABILITY OF FORESTS TO CLIMATE CHANGE
22.	Mathesh Sundar N	EFFECTS OF CLIMATE CHANGE ON FOREST SUCCESSION
23.	Surabhi Joshi	THE DICHOTOMY OF TROPICAL FORESTS:

		CARBON SINK OR CARBON
24.	Ayushi Yadav	MIGRATORY SEASHORE BIRDS
25.	Himani Saklani	STATUS OF SAL REGENERATION IN DOON VALLEY
26.	Suyash Dhiman	EFFECTS OF CLIMATE CHANGE ON RHODODENDRON IN INDIAN HIMALAYAS
27.	Abhishek Rawat	EFFECT OF AIR POLLUTIONS IN THE GENETIC CONSTITUENTS OF FORESTRY TREE SPECIES
28.	Ashita Joshi	Tree Breeding and Forest Genetics to Combat Climate Change
29.	Arun Narayan	SILVICULTURE PRACTICES IN ARID REGIONS
30.	Myint Soe	PLANTATION OR REFORESTATION IN DEGRADED LAND
31.	Sreeelakshmi P.	A REVIEW ON COMMERCIALLY IMPORTANT MEDICINAL PLANTS OF KERALA
32.	Deepak Bhandari	IDENTIFICATION, TAXONOMIC DESCRIPTION, PROPAGATION AND USE OF SELECTED MEDICINAL TREES OF FRI CAMPUS
33.	Inamul Hoque	DIVERSITY OF GENUS TERMINALIA LINN. IN FOREST RESEARCH INSTITUTE
34.	Gourav Kumar Sahoo	EUCALYPTUS: AS A TIMBER
35.	Tanujeet Ghosh	ADAPTIVE CLUSTER SAMPLING FOR ASSESSING RARE PLANT SPECIES: A REVIEW

**Term Paper examiners name list of M.Sc Forestry 2<sup>nd</sup> semester 2018-20 Batch**

S. No.	Name	Topic
1.	Ahamed Raza N	
2.	Deepak Bhandari	Identification and description of bambusa species of fri campus
3.	Anjali Vats	Important flowers yielding Essential oils, their cultivation practices and Extraction Methods
4.	Mrinal Sharma	Agroforestry interventions for mined areas
5.	Shashank Kumar	Introduction of medicinal and aromatic plants agroforestry systems
6.	Vishaka Thapa	Exotic trees used in agroforestry in india
7.	Tanujeet Ghosh	Review of selected experimental data (1952-1978) on forestry research
8.	Himani Saklani	Domestication and improvement of fast growing exotics in india
9.	Ashita Joshi	Molecular techniques for conservation and management of forest genetic resources
10.	Ankit Mahla	Climate change impact on timberline position of himalayan region
11.	Mathesh Sundar N	Effects of climate change on forest productivity
12.	Surabhi Joshi	Climate change and forest management
13.	Nancy	Climate change impact on forest eco-system functions
14.	Arun Narayan	Fig-wasp mutualism: a case study from new forest, dehradun
15.	Deepak Kumar	Feasibility Of Association Mapping Of Economically Important Traits In Forestry Tree Species
16.	Gourav Kumar Sahoo	Tendu leaf: a critical review
17.	Ankush Chowdhury	Conservation of western ghats biodiversity hotspot through protected area networks of india
18.	Ayushi Yadav	Shorebirds in a changing global environment
19.	Deepanshu	Distribution of ophiofauna in uttarakhand state
20.	Miranda Thakur	Invasiveness and range expansion in birds: a case study on common myna ( <i>acridotheres tristis</i> ) in the state of assam
21.	Nim lham	The biology of great tit, parus major (orde: passeriformes; family: paridae) with preliminary bioacoustic analysis of song characteristics
22.	Soham Majumdar	Getting acquainted with the molecular techniques of dna extraction, pcr and sequence analysis of faunal species
23.	Sanjay HL	Coffee based agroforestry systems of karnataka
24.	Bugatha Rohini Kumar	Comparative analysis of forest fire in gundla brahmeswaram and nagarjuna sagar wls of andhra pradesh
25.	Menni Roshan Kumar	Change detection of mangrove cover in coring wildlife sanctuary- andhra pradesh
26.	Myint Soe	Utilization of natural resources and its impacts on the population of thamin ( <i>RUCERVUS ELDIL THAMIN</i> ) in

		chatthin wildlife sanctuary, myanmar
27.	Wai Yan Phyoe	Wild Elephant Distribution, Its Abundance and Threats in Taninthayi Nature Reserve
28.	Abhishek Rawat	An Introduction to STRUCTURE and STRUCTURE HARVESTER: tools to assess patterns of genetic structure of the populations
29.	Rupali Sharma	Carbon Sequestration in Forest Ecosystems and Methods of its Estimation
30.	Sreeelakshmi P.	Mesua ferrea: a comparative study of seed size variation on germination, biomass and seedling charactersitics
31.	Menni Roshan Kumar	Change detection of mangrove cover in Coring Wildlife Sanctuary- Andhra Pradesh
32.	Myint Soe	Utilization of natural resources and its impacts on the population of Thamin ( <i>Rucervus eldii thamin</i> ) in Chatthin Wildlife Sanctuary, Myanmar
33.	Wai Yan Phyoe	Wild elephant distribution, its abundance and threats in Taninthayi Nature Reserve
34.	Himani Saklani	Domestication and improvement of fast growing exotics in India
35.	Ashita Joshi	Molecular techniques for conservation and management of forest genetic resources
36.	Abhishek Rawat	An Introduction to STRUCTURE and STRUCTURE HARVESTER: tools to assess patterns of genetic structure of the populations
37.	Ankit Mahla	Climate change impact on timberline position of Himalayan region
38.	Surabhi Joshi	Climate change and forest management
39.	Nancy	Climate change impact on forest eco-system functions
40.	Soham Majumdar	Getting acquainted with the molecular techniques of DNA extraction, PCR and sequence analysis of faunal species
41.	Anjali Vats	Important flowers yielding essential oils, their cultivation practices and extraction methods
42.	Arun Narayan	Fig-wasp mutualism: a case study from new forest, Dehradun
43.	Tanujeet Ghosh	Review of selected experimental data (1952-1978) on forestry research
44.	Ankush Chowdhury	Conservation of Western Ghats biodiversity hotspot through protected area networks of India
45.	Rupali Sharma	Carbon sequestration in forest ecosystems and methods of its estimation
46.	Parminder Singh	Genetic fidelity assessment of <i>in vitro</i> propagated clones of shisham ( <i>DALBERGIA SISSOO</i> ) USING RAPD and ISSR markers
